

# PROGRAM

## SYMPOSIUM **NOVEL REGENERATIVE CONCEPTS FOR DENTISTRY**

**19-20 APRIL 2024**

HOTEL EUROSTARS SITGES (BARCELONA), SPAIN

Anton Sculean  
**Chairman**

**Andrea Pilloni**

**Stefan Fickl**

**Anton Friedmann**

**Darko Božić**

WELCOME DINNER

**THURSDAY, 18 APRIL, 19:00**

SPANISH FLAVORS: TAPAS TIME

DRESS CODE:  
**BUSINESS CASUAL**

# EVENT SCHEDULE

# FRIDAY, 19 APRIL

## PLENARY SESSIONS

|              |  |     |
|--------------|--|-----|
| <b>08:45</b> | Welcome – <b>Anton Sculean</b>   | (H) |
| <b>09:00</b> | Non-surgical treatment for periodontitis/periimplantitis. State-of-the-art and novel concepts.<br><b>Anton Friedmann, Andreas Stavropoulos</b> | (H) |
| <b>09:50</b> | Discussion   |     |

**10:00** | Break

|              |   |     |
|--------------|---|-----|
| <b>10:30</b> | Regenerative and esthetic periodontal surgery. State-of-the-art and novel concepts.<br><b>Andrea Pilloni, Darko Božić</b> | (H) |
| <b>11:20</b> | Guided Bone Regeneration treatment. State-of-the-art and novel concepts.<br><b>Stefan Fickl, Frederic Kauffmann</b>       | (H) |
| <b>12:05</b> | Discussion  |     |

**12:30** | Lunch

## ROUND TABLE

## SELECTIVE LECTURES

*Max. 30 seats per session*

|                                   |  |  |  |  |   |   |  |  |
|-----------------------------------|--|--|--|--|---|---|--|--|
| <b>13:30</b><br>–<br><b>14:00</b> | Successful treatment of periodontal defects in the era of biologics<br><b>Kristina Bertl, Holger Jentsch</b> | Hybrid regeneration of severe atrophies<br><b>Georges Khoury</b> | Hyaluronic acid in regenerative periodontal therapy<br><b>Andrea Pilloni</b> | Non-surgical treatment for mucositis and peri-implantitis<br><b>Vincenzo Iorio-Siciliano, Péter Windisch</b> | Dental implants in patients under bisphosphonate and antiresorptive therapy<br><b>Paolo Vescovi, Ilaria Giovannacci</b> | Clinical approach in GBR: transition from autogenous bone to 100% xenograft<br><b>Darko Božić</b> | Bioactivation of xenograft: A link between biology and clinical workflow<br><b>Bachar Husseini</b> | Latest development and keys to success in Guided Bone Regeneration<br><b>Stefano Parma Benfenati</b> |
|-----------------------------------|--|--|--|--|---|---|--|--|

|                                   |  |  |  |  |   |   |  |  |
|-----------------------------------|--|--|--|--|---|---|--|--|
| <b>14:05</b><br>–<br><b>14:35</b> | Successful treatment of periodontal defects in the era of biologics<br><b>Kristina Bertl, Holger Jentsch</b> | Hybrid regeneration of severe atrophies<br><b>Georges Khoury</b> | Hyaluronic acid properties in dental treatments (potential and limitations)<br><b>Andrea Pilloni</b> | Non-surgical treatment for mucositis and peri-implantitis<br><b>Vincenzo Iorio-Siciliano, Péter Windisch</b> | Dental implants in patients under bisphosphonate and antiresorptive therapy<br><b>Paolo Vescovi, Ilaria Giovannacci</b> | Clinical approach in GBR: transition from autogenous bone to 100% xenograft<br><b>Darko Božić</b> | Bioactivation of xenograft: A link between biology and clinical workflow<br><b>Bachar Husseini</b> | Latest development and keys to success in Guided Bone Regeneration<br><b>Stefano Parma Benfenati</b> |
|-----------------------------------|--|--|--|--|---|---|--|--|

**14:35** | Break

**EXCLUSIVE** – All round table session recordings will be translated (DE, IT) and made available exclusively to the participants of the symposium.

Recommended for hygienists and specialists.

# SYMPOSIUM NOVEL REGENERATIVE CONCEPTS FOR DENTISTRY

19-20 APRIL 2024

HOTEL EUROSTARS SITGES (BARCELONA), SPAIN

## HANDS-ON

|                      |   |  |   |  |   |   |  |
|----------------------|---|--|---|--|---|---|--|
| <b>15:00 – 17:30</b> | Surgical management of periimplantitis<br><b>Andreas Stavropoulos</b> | Tooth transplantation and HyA: a comprehensive workshop<br><b>Giles de Quincey</b> | Minimize surgical needs for periimplantitis/periodontitis<br><b>Anton Friedmann</b> | Optimisation of GBR with xenograft and hyaluronic acid<br><b>Darko Božić</b> | Innovative approaches in the management of periodontal and periimplant infections and soft tissue reconstructions<br><b>Anton Sculean</b> | Guided Bone Regeneration – clinically relevant tips and tricks<br><b>Stefan Fickl, Frederic Kauffmann</b> | Latest resorbable dome device in GBR<br><b>Stefano Parma Benfenati</b> |
|----------------------|---|--|---|--|---|---|--|
